

CLOVIS HIGH SCHOOL

Pride, Unity, and Excellence

To whom it may concern,

As Paofue Moua's teacher and mentor for the past year in AP Computer Science Principles, I have been consistently impressed by Paofue Moua's intelligence, work ethic, and passion for learning.

Paofue Moua is a dedicated and hardworking student who takes pride in his work. Paofue had to program in a variety of languages in my class including C, Python, SQL, HTML, CSS, JavaScript and Flask. All the programs were realistic and challenging and were taken from the CS50 curriculum offered at Harvard University. Paofue Moua has a natural curiosity and a desire to understand the world around him, which is reflected in Paofue Moua's work.

Sincerely,

Jason Maresh
